The Virginia Association for Hospices and Palliative Care provides a unified voice for Virginia's hospices with the mission of promoting compassionate and appropriate care for the terminally ill and their families through education and advocacy. Advocates for quality care for all persons with life limiting illnesses.

[Click Here](#) for information about hospice services, a listing of hospices in Virginia, or information about State licensure.

Volunteers are needed by many hospices; check with the Association for more information.
