Pain management clinic specializes in the diagnosis and non-surgical treatment of acute and chronic pain. Treatment includes acupuncture, physical therapy, prolotherapy, nerve blocks, specialized joint injections, as well as aquatic therapy.

Practitioners are specialists in diagnosing and treating a wide variety of conditions that interfere with an individual's ability to function. Known as physiatrists, the physicians have advanced medical training in treating pain due to illness or injury of the muscles, tendons, joints, and ligaments. Two of the physicians are certified by the American Board of Electrodiagnostic Medicine and are also licensed in Medical Acupuncture.
