The Carroll Center is a private non-profit organization that provides training programs and services to persons who are visually impaired or legally blind.

Programs encourage independence of blind and visually impaired persons of all ages through rehabilitation services, educational support services and employment training. The Carroll Center is located in Newton, Maine and welcomes clientele of all ages from all states.

Some of the services available are independent living skills, computer training, educational services, low vision rehabilitation, professional development, outdoor enrichment program, employment services, international training program and more.

The Carroll Store sells a variety of adaptive devices for blind and visually-impaired persons. Call 800-852-3131, ext. 240 for more information or to place an order.

On-line courses are available using new technology at [Carroll Tech](#).
