Through core programs of disaster relief, medical aid, hunger relief, orphan care, water wells and community development, Operation Blessing International (OBI) is dedicated to alleviating human need and suffering in the United States and around the world. 43.6 Americans are living below the poverty line and have few resources for purchasing food. Operation Blessing offers hunger relief to families and individuals with incomes at or below the poverty level. OBI has warehouses in Virginia, Florida and Texas, with partner organizations across the nation. Hunger Strike Force trucks deliver an average of 2 million pounds of food and product each

week to a network of partners across the United States.
