LIFE (Learning Independence, Feeling Empowered) is a 5 week residential training program. The program is geared toward students between the ages of 14 and 18 who are students going to a high school. The program provides basic training in the skills of blindness and advocacy skills, helps students be responsible for their lives, affords opportunities to participate in physical fitness and offers opportunities to network and develop positive strategies and also provides opportunities to have lots of fun.

Call for more information. Program usually begins in July and wraps up in August.

Service Area(s)

Statewide
