Virginia Support Services offers supportive services that provide behavioral and mental health training. Clinicians assist with training the individual to understand and cope with the challenges of one diagnosed with a mental, behavioral, or emotional disability. A wide range of services is provided. These include helping individuals perform various daily living activities such as maintaining proper hygiene, keeping a clean living environment, addressing interpersonal skills, managing money, developing self-help skills and increasing appropriate social skills. The program provides a nurturing environment that enhances the individual and family. Services are built around the individual and family preferences, choices, values, strengths and the natural support system of the family and community.
