CancerCare offers free, professional support for anyone affected by cancer. Staff of oncology social workers provide support, information and resources to help you better cope with cancer. Online support groups are led by professional oncology social workers. You can search for a telephone support group or face to face support groups.

Online support groups take place using a password-protected message board format (not live chat) and are led by professional oncology social workers who offer support and guidance. Groups are generally held for 15 weeks at a time, and group members must register to join. After completing the registration process (which can take up to 2-3 business days), members can participate by posting in the groups 24 hours a day, 7 days a week.

Please visit [how to register](#)

Connect with others in support groups for cancer patients, loved ones and people who have lost a loved one, led by oncology social workers.
