Mom's Meals is a family owned and operated business dedicated to providing great tasting, nutritionally balanced, fresh meals to meet the needs of the aging population.

Meals are prepared, packaged, and shipped fresh, ready to heat and eat, directly to a customer's doorstep. These home delivered meals are packaged using a cutting edge USDA approved technology and will remain fresh in your refrigerator for two full weeks.

Meals are medically tailored and designed by registered dietitians and professional chefs. They are delivered by FedEx and can be delivered anywhere in the US, from downtown apartments to even the most remote farm house. Drivers do their best to accommodate special delivery instructions, including bringing the cooler in and leaving it by the kitchen table, etc. Every meal has a USDA nutritional label, a use by date, and simple microwave heating instructions.
