The National Institute of Alcohol Abuse and Alcoholism (NIAAA) supports and conducts research on the impact of alcohol use on human health and well-being. It is the largest funder of alcohol research in the world. NIAAA leads the national effort to reduce alcohol-related problems by:

- Conducting and supporting alcohol-related research in a wide range of scientific areas including genetics, neuroscience, epidemiology, prevention, and treatment.
- Coordinating and collaborating with other research institutes and federal programs on alcohol-related issues.
- Collaborating with international, national, state, and local institutions, organizations, agencies, and programs engaged in alcohol-related work.

- Translating and disseminating research findings to health care providers, researchers, policymakers, and the public.

To order NIAAA publications, call 888-MY-NIAAA (888-69-64222) or view the [online order form](#). Publication types include Brochures & Fact Sheets, Presentations & Videocasts, Classroom Resources, Journals & Reports, and Clinical Guides & Manuals.
