No Fee

Languages Spoken

English

NAMI offers Family Support Groups. Free support groups are offered to family members, caregivers, and loved ones of adults and children with mental health needs.

The groups are 90-minute weekly support groups run by the family members of persons who live with mental illness for other friends and family members of persons living with a mental illness. These groups provide a place that offers respect, understanding, encouragement, and hope.

All groups are free of charge, confidential, and open to all adult friends and family members. To find a group and learn more, visit [Find a Group](#). If you do not find a group in your community, call the office.
