Camp Winaca Camp Hemovan is a camp for children and youth from West Virginia and surrounding states who are diagnosed with cancer or bleeding disorders. The camp is a 5 day residential camp for children and youth ages 7 to 17. Even though they may require 24 hour medical supervision, campers are not charged.

The summer camp is held at Camp Twin Creeks in Marlinton, West Virginia. Medical staff is provided by West Virginia University.

The children can experience what other healthy kids experience during the week at camp Winaca and HemoVon. Call for more information.
