Group Day Services include a community and center based-day support program tailored for individuals with disabilities. This program empowers individuals to achieve their desired quality of life through person-centered planning and positive behavioral support. They focus on creating an environment that promotes health and safety while challenging individuals to build new life skills and job skills and become active community members.

The program uses the surrounding community as the teaching tool to further enhance their quality of life. While participating in the program, individuals will enjoy activities such as:

- Swimming
- Volunteering for the community
- Out-of-town trips such as Washington, D.C. and Virginia Beach
- Monthly social events
