Get help 24/7 with a push of a button. Alert 1's certified emergency operators will respond immediately and call family, neighbors or local 911 to get you immediate help. The alert system provides assistance in any kind of emergency. A mobile alert system is available. Fall detection technology is available.

- Falls: you can get help fast to reduce injuries and speed recovery;
- Chronic conditions:
- Home intruders
- Whenever you need a helping hand

The medical alert system transmits a signal to an emergency monitoring center that is staffed with trained operators 24 hours a day, 7 days a week. Operators can quickly assess the situation and make sure that the right help is dispatched to your home quickly, and stay on the line until help arrives.

Products offered include:

- landline home detector
- home fall detection
- on the go detector
- on the go fall detection
- on the go & home fall detection bundle

30-day money-back guarantee; free spouse service.
