Paragon Autism Services is an approved Medicaid provider of in-home Applied Behavior Analysis (ABA) services for individuals aged 2 through 21 diagnosed on the autism spectrum.

Services are tailored to the needs of the individual and include training and education for families and caregivers. In home services will include assessments to determine area of needs and guide curriculum; functional assessments to address behaviors such as aggression; and programming to develop communication, social and play skills, etc.

Paragon Autism Services also hosts a monthly support group meeting for parents of children with autism and quarterly training events on topics relevant to families of children with autism.
