Having someone come into your home is a daunting decision. We can help you with that decision with a consultation with our LPN and RN service team. We are an agency certified in Dementia Care. With expertise in Dementia and Alzheimer's Care and managing Fall Risks, we can help you make the best decision for you and your loved one.

IncrediCare offers personal and companion care services. Our caregivers are extensively trained in the multiple stages of Dementia and Fall Risks. Training focuses on maintaining safety while respecting the need for our client's independence and is based on our experience with family members. All staff are trained on Infection Control Protocols and supplied with PPE.

Licensed CNAs and PCAs can help with activities of daily living, including assistance with bathing, toileting, hygiene, feeding, ambulation, and grooming. Other services include medication management, light housework, meal preparation, socialization, errands, accompanying to appointments, and more.

Our RN and LPN staff provide regular quality visits and all caregivers are accompanied by a licensed staff member their first time in your home. We select caregivers who know how to deal with each particular client's conditions and based on a client's specific personality and needs.

Through our extensive hiring process, our nurses and caregivers are screened, skill-assessed, personal and professional references checked, criminal background checked, and licensed (if applicable), insured, and bonded.

Call the office for more information. 703-272-8838 or [visit the website](#).
