Back pain can be caused by a number of factors. The physicians and staff at the Sheltering Arms Spine Clinic specialize in identifying the cause of painful spinal conditions and determining the most appropriate and effective treatment plan.

The clinic uses a 3-tiered treatment plan. The first tier includes physical therapy, anti-inflammatory medication and activity modification. The next tier adds selective spinal injections and the last tier involves more invasive procedures, including surgery if necessary.

The physicians at Sheltering Arms are dedicated to using the least invasive methods for easing your pain as thoroughly and efficiently as possible. Physical therapy is available at all clinic locations.
