Fee Structure

No Fee

The Defense Centers of Excellence (DCoE) public affairs office offers a comprehensive speakers bureau to raise awareness and enhance understanding to improve psychological health and traumatic brain injury prevention and care.

Speakers available through this bureau can address a variety of topics and share relevant information on useful programs, resources and tools related to

psychological health and traumatic brain injury.

A Speakers Request Form must be provided. For best results, please submit your request for a speaker at least four months prior to the event. The more lead-time provided, the better we can accommodate requests. Requests can be made up to a year in advance of your event.

Service Area(s)

Statewide
