Quit Now Virginia is a free program to help you stop using tobacco, including smokeless products such as chewing tobacco. The program will show you how to get ready, take action and live the rest of your life tobacco-free. The program provides help with determining which type of quitting aids are right for you; a quit guide; a quit coach, access to a web coach, and more.

Once enrolled, your coaching sessions take place over the phone. You can talk to a Quit Coach any day of the week.

Contact your local Tobacco Control Program Regional Coordinator for information on in-person tobacco cessation classes and other resources to help you quit using tobacco and nicotine products for good.
