[Amazon Fresh](#) offers online grocery ordering and home delivery service. [Amazon Pantry](#) offers nonperishable grocery delivery to the home. Amazon Fresh is not available in all areas.

Due to unprecedented demand and increased safety measures in our fulfillment centers and stores, Amazon is temporarily asking new Amazon Fresh and Whole Foods Market customers to sign up for an invitation to use online grocery delivery and pickup. As Amazon increases the capacity for delivery and pickup, more customers will be invited to shop. For those who are able shop in person safely, Amazon invites you to shop at your local Whole Foods Market store.
