Sheltering Arms Institute is a state-of-the-science, 114-bed, rehabilitation hospital that blends advanced technology, research, and evidence-based clinical care to create superior outcomes for patients.

Features include:

- 212,063 total square feet,
- All private patient rooms,
- Traumatic brain injury, spinal cord injury, complex care, stroke, and general rehabilitation units,
- 9,251 sq. ft. main therapy gym and three satellite gyms,
- Research, conference, and outdoor space,
- Physician, psychology, and nursing services,
- Physical, occupational, and speech therapy,
- Therapeutic recreation,
- Cutting-edge patient care technology and rehabilitation equipment,
- Chapel and dining room,
- Designated visitor areas.

The shoulder has the greatest range of motion of any joint in the body, making it unstable and subject to injury. The team at Sheltering Arms Institute goes beyond simply addressing pain. Their therapeutic approach to caring for patients' shoulder injuries and providing needed physical rehab facilitates the return to an active lifestyle including competitive athletics, work, leisure activities, hobbies, or pain-free living. The goal is to provide patients with the power to overcome physical

while reducing healing time when possible.
