English

Sheltering Arms Institute is a state-of-the-science, 114-bed, rehabilitation hospital that blends advanced technology, research, and evidence-based clinical care to create superior outcomes for patients.

Features include:

- 212,063 total square feet,
- All private patient rooms,
- Traumatic brain injury, spinal cord injury, complex care, stroke, and general rehabilitation units,
- 9,251 sq. ft. main therapy gym and three satellite gyms,
- Research, conference, and outdoor space,
- Physician, psychology, and nursing services,
- Physical, occupational, and speech therapy,
- Therapeutic recreation,
- Cutting-edge patient care technology and rehabilitation equipment,
- Chapel and dining room,
- Designated visitor areas.

Sheltering Arms Institute's speech-language pathologists treat a wide variety of conditions including aphasia (difficulty understanding and expressing language), dysphagia (swallowing disorders), voice, cognition, communication, and are ready to help patients meet their goals.

While dealing with these issues can be physically and emotionally trying, clinicians will support and guide patients every step of the way. The team will evaluate and recognize the deficits impacting a patient's life by providing needed assessments and services.
