Key Support Services, LLC provides 24 hour supports and services to those who choose to live in a group setting. Even though residents are living in a group setting, they do not subscribe to a "group" mentality with service provision. They encourage residents to live a healthy, active lifestyle and to be involved in the community activities that they enjoy doing. Potential residents must meet with the current residents to determine if they would make a good match. Key Support Services, LLC promotes choice and self-advocacy.
