Fee Structure

No Fee

For 30 years, Canine Partners for Life (CPL) has been dedicated to training service dogs, home companion dogs, residential companion dogs, and courthouse companion dogs to assist individuals who have a wide range of physical, developmental, and cognitive disabilities.

The mission of Canine Partners for Life (CPL) is to increase the independence and quality of life of individuals with disabilities (such as Parkinson's disease) or who are in other situations of need. We achieve our mission by providing and sustaining professionally trained service and companion dogs. CPL's primary efforts are focused on an area within a 250-mile radius of Cochranville, Pennsylvania, but we look forward to continuing to place dogs with recipients from across the nation who come to us because our dogs and services are held in such high regard.

The lives of those we serve will be forever changed through the opportunities and independence afforded by a steadfast relationship with a service or companion dog.

Service Area(s)

Nationwide
