English

Brain Injury Association of Virginia (BIAV) offers free, confidential consultations and referrals to help those affected by brain injury. They connect people to case management, community services, support groups, specialists, and more. BIAV also facilitates two statewide support groups and one Richmond-based group.

BIAV's virtual support group is for people with brain injuries and their families and friends. The monthly meeting is facilitated by a trained, experienced BIAV staff person. Meetings focus on peer support, problem-solving, and education. The group is a safe place to explore the challenges of brain injury and exchange ideas and information with others who really "get it." If you are interested in joining this group, please contact Christine Baggini at [christine@biav.net](mailto:christine@biav.net)
