The Children's Services Act (CSA) establishes a single state pool of funds to purchase services for at-risk youth and their families. The state funds, combined with local community funds, are managed by local interagency teams who plan and oversee services to youth. The mission of the CSA is to create a collaborative system of services and funding that is child-centered, family-focused, and community-based

when addressing the strengths and needs of troubled and at-risk youth and their families in the Commonwealth.
