FailSafe-ERA offers a Right Road ReEntry program to restore hope to inmates and returning citizens (formerly incarcerated). Multiple challenges and hardships are

faced, making social integration into the community problematic re-entry into society often difficult. The Right Road Reentry program encompasses both one-on-one case management as well as group training activities, offering a community of support.

Case management can include an assessment of each client, and creating an individualized service plan to each client's goal-setting habits.
