Wake the World (WTW) is a 501(c)(3) non-profit organization. We are a group of boat owners providing watersports opportunities to at-risk youth, people with disabilities, and wounded warriors.

The adaptive program utilizes the concepts and practices of Ann Satterfield. The program uses side skiers rather than outriggers for a safer and more enjoyable experience on the water. Participants are able to try out skis, wakeboards, ZUP boards, kneeboards, or tubes.

The adaptive program utilizes the concepts and practices of Ann Satterfield. We always use side skiers rather than outriggers for a safer and more enjoyable experience on the water. Participants are able to try out skis, wakeboards, ZUP boards, kneeboards, or tubes. WTW provides insurance and liability waivers for every local event.

All WTW events are sanctioned and insured through the WWA (World Wakeboard Association).

Visit the website to donate to the program, volunteer, or host an event.
