Family First Virginia is a foster care prevention initiative of the Virginia Department of Social Services. Funding for the program is provided by the federal Family First Prevention Services Act. Evidence-based, trauma information services in the program include:

- Mental health prevention and treatment services,
- Family-based substance use treatment and prevention services,
- In-home parenting skills services.

Prevention services include [Kinship Navigators](#) and [evidence-based programs](#). Additional services include [foster care](#) with an emphasis on family placement.

Services are provided on a regional basis through local Department of Social Services offices statewide.
