All Med Express offers quality medical and homecare supplies that are provided to people in Virginia and throughout the United States by UPS. Disposal of medical supplies and durable medical equipment are available. All Med Express offers a wide variety of products for infants, children, and adults; products to make your life healthier and to make your home a little safer.

Products may be picked up, delivered, or shipped via UPS. Representatives of the company will assist the individual in verifying whether their insurance plan will allow them to use All Med Express as the DME provider.

The agency will file all claims that are eligible for reimbursement for the customer. If a customer cannot pay, the agency will try to contact agencies for assistance. If no other help is found, the agency will provide the product(s) at a greatly reduced price or pro bono on a case-by-case basis.

No oxygen or home health is provided.

Service Area(s)
