Paragon Autism Services is an approved Medicaid provider of in-home Applied Behavior Analysis (ABA) services for individuals aged 1 through 21 diagnosed on the autism spectrum.

The preschool-based ABA therapy is aimed to help the clients for the successful transition into the school setting while providing them with crucial social skills. With their peers, they attend the program provided in the office and it offers several benefits for individuals receiving treatment. Some key advantages: a structured environment, specialized professionals, peer interactions, consistency and routine, specialized resources, and collaboration and support.
